## Community Resource Networks

The Community Resource Network (CRN) is a dynamic platform that aims to strengthen safety nets and expand opportunities within the community.

CRN aligns services and connects resources to address unmet needs among community members. By leveraging innovative solutions from the private sector, utilizing public sector resources, and mobilizing social service networks, CRN accelerates its impact.

The CRN platform serves as an invaluable tool for sharing information regarding services, needs, and resources during both emergency and non-emergency events.

The first CRN was established in Marion County in 2016 and is managed by the Marion County Community Services Department. Work on the Eastern Oregon CRN (EOCRN) began in the spring of 2020. EOCRN covers Baker, Union, and Wallowa Counties. Community forums and an established steering committee continue to network and guide the work of the EOCRN. Building Healthy Families is the backbone agency for the EOCRN and manages administration of the network.

Currently in the planning stages, the Umatilla Morrow CRN (UMCRN) is set to launch in the fall of 2023. As part of our efforts, we recently hosted four forums, inviting community members and organizations serving Umatilla and Morrow counties. We were thrilled to have over 50 participants attend these forums, and the overwhelming positive feedback further reinforces the necessity of UMCRN within the counties.

To ensure a successful launch, we have established strategic collaborations with key partners such as the Oregon Department of Human Services (ODHS), the Community Action Program of East Central Oregon (CAPECO), the Confederated Tribes of Umatilla Indian Reservation, and Galaxux. Together, we are fully committed to implementing this platform effectively.

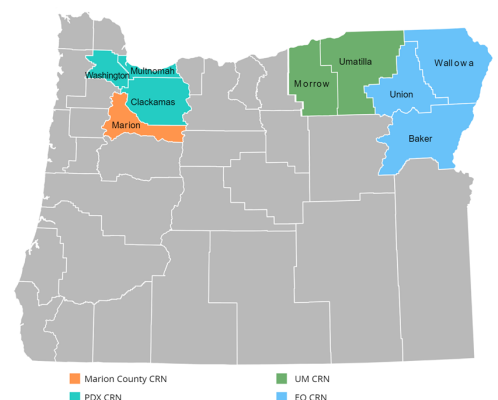

We are very thankful to CAPECO for agreeing to be the backbone agency for UMCRN. Their vision is to empower individuals of all ages, from youth to seniors, by offering educational opportunities, employment support, and resource sharing to help them overcome poverty and achieve independence. CAPECO's focus areas include Community Services, Energy, Enterprise Development, and Area Agency on Aging, serving the social service needs of east central Oregon.

The Community Resource Network (CRN) has expanded to encompass nine counties in Oregon. The current CRN platforms are:
